Seeing all your Piedmont friends: PRICELESS

It doesn't seem possible but it is time for our 2010 PSE reunion. If you have never been able to attend one of our reunions, you really are missing a great time and lots of laughs. The friendship renewed and the stories told are priceless

We are fortunate to be able to keep the cost for the reunion the same as last year. Room rates are also the same. This is a great organization and we need to do everything we can to keep it from being a memory. We realize everyone's situation has changed in the past few years, however, by keeping the cost down we hope more of the Piedmont members will be able to attend.

The associate membership is still growing. This is a fantastic way for anyone interested in Piedmont to join and come to the reunion to experience the Piedmont family.

I hope this letter finds you and yours in good health and looking forward to seeing all of you at the 2010 reunion.

Fraternally,

Ron Gabor, President
PSEI
